Year's, Crop Forecast;

Washington, D. C., June 8.—The prospective wheat crop of the United States this year was forecast today by the department of agriculture at 656,000,000 bushels, combining a revised estimate of the badly damaged winter wheat crop and the first estimate of the new spring wheat crop based on June 1 conditions. That compares with 640,000,000 bushels harvested last year and 606,000,000 bushels, the average crop for 1913-14.

Improved weather conditions during May and increased prospects of winter wheat indicated a crop of 372,000,000 bushels. The crop began this spring under adverse conditions, 12,427,000 acres having to be abandoned because of the severe winter and other causes. April 1 conditions indicated a production of 420,000,000 bushels but during that month growing conditions were so poor that the May 1 forecast was reduced to 360,154,000 bushels.

Spring Wheat Shows Well.  
The increased spring wheat area, placed at 19,023,000 acres, and the good start of this crop under excellent growing conditions indicate a production of 230,000,000 bushels compared with 153,142,000 bushels last year, 201,854,000 bushels in 1913 and 222,717,000 bushels the average for the previous five years.

Conditions of Crops.

Condition of various crops on June 1 was:

Winter wheat, 70.9 percent of a normal; spring wheat, 91.8; all wheat, 78.5; oats, 88.4; barley, 83.2; rye, 84.3; hay, 85.1; pasture, 85.5; alfalfa, 72.9; peaches, 80.2.

Condition of winter wheat by important states follows:

Ohio, 88; Indiana, 59; Illinois, 61; Missouri, 84; Nebraska, 60; Kansas, 60; Oklahoma, 63.

Condition of spring wheat by im-  
portant states follows:

SCHOOL IS NOT AFFECTED

Governor Ferguson's little pen did not have any effect upon the summer school of the Texas university, as witness the following telegram from Frederick Eby, dean of the summer school, to R. J. Tighe, superintendent of El Paso schools:

"Please emphatically contradict current rumor that the University of Texas summer school is affected. The session opens Wednesday, June 12th. Your help in reassuring students will be warmly appreciated."

BERNARD PEOPLE  
FISH ELECTIONPetitions Circulated Ask  
For Vote on Irrigation  
District Question.

Berino, N. M., June 8.—Carl Price and J. E. Bullock have circulated a petition in the Berino-Anthony district to secure names of resident land owners who are in favor of holding an election for an irrigation district. This petition will be presented before the next meeting of the county commissioners and if there is a sufficient number of signers, president A. S. J. Kilar, of the Elephant Butte Water Users' association, will call a special meeting when a vote by person instead of by acreage, will be taken for an irrigation district. Similar petitions have been circulated in each district of the valley.

One of the finest crops of oats in the valley is that of W. A. Sykes, on his farm west of Berino. Thirty-five acres are planted and the growth has been rapid, making it possible to begin harvesting in two weeks from this time.

LICENSE IF THEY WOULD FISH

El Pasoans may secure fishing licenses for New Mexico either at Feldman's or the Shelton-Payne company. Theo. Rosauit, Jr., state game and fish warden of New Mexico, is in El Paso today leaving the license blanks. He says those desiring to fish in the White mountains may also obtain licenses from Mrs. J. V. Tully at Rudolph or those wishing to fish at Elephant Butte dam may secure licenses from the warden at that place. It is necessary to have a non-resident license, which costs \$5, to fish in New Mexico.

Mr. Rosauit says the fishing was never better than it is at present on the Colorado river. The fishing in the vicinity of Glorieta, from the Valley ranch north. He says the fishing is also very fine in the Chama and Taos country in northern New Mexico.

He Discusses the Advantages of  
Enlisting and Decides to Wait  
Until After Summer.

By WILLIAM F. KIRK.

I WAS reading the other day, sed Ma, how a old man about 60 has offered to go to the front. I think that is a grand spirit, Ma sed. I guess now a lot of gentle around 50 years old will leap to the colors, Ma sed.

I think all the young men will go first, sed Pa. There is a lot of splendid young men in there twenties, sed Pa. That is just doing to get a crack at the foe if we really get into it. Us older men, sed Pa, will feel that we would be better able to stand the hard going, do not like to be selfish and stand in the way of these bright young men. So we are giving them the first choice.

That is a very noble spirit on your  
part, sed Ma. I know how hard it  
must be for a man like you, sed Ma, to  
stand back and let the younger men  
be the first.It is hard indeed, Pa sed, if my  
country needs a few more  
wise leaders, I will have to give up  
my home ties and go war duty be-  
hind, sed Ma.I suppose if they can around look-  
ing for a Brigadier General you will  
have to sell out your business and go,  
sed Ma. Is that it?Something on that order, Pa sed.  
The need wise leaders in any cause  
& leaders as wise as me, sed Pa, is  
born very seldom. That has been the  
history of the world, sed Pa. Only now  
& then does a true leader arise.You don't seem to be a lot of your  
middle aged friends volunteer, sed Ma. I  
would be willing to go & be a nurse  
if I was not for little Bobbie. I will  
stay & care for him, Ma sed, & you  
can go & enlist with a lot of them  
middle aged heroes that is gitting  
ready now.Well, sed Pa, I suppose I can have  
my supper first, can't I? I hope the  
recommending can wait till I eat. Na-  
polyn sed an army travels on its stom-  
ach, sed Pa, & I want food before  
I dash off to join the colors.You don't seem to approve of  
these military moves, sed Ma. When  
everything was peaceful, Ma sed, you  
used to be all the time talking about  
how you served the nation were the  
shot & shell was flying. Now that  
you have a chance to jump in war  
the fitting is likely to be hot, Ma  
sed, you seem to be taking it awful  
cool.It is dangerous to get excited, sed  
Pa. Any doctor and tell you that—  
charge you five dollars, Pa sed. I am  
telling it to you free. Do not get ex-  
cited. When the time comes for me to  
go & help defend my country, Pa  
sed, there won't be a man in this coun-  
try quicker than me, sed Pa.Well, my hero, sed Ma, let us talk  
no more of savage war. Here is the  
grocery bill, Ma sed. Are you brave  
enough to look at it tonight, or will  
you sleep first?I will look at it now, sed Pa. I  
wouldn't be able to sleep all night with  
an unpaid butcher bill in the same house  
with me. Between the good chance  
of dying, Pa sed, & the slim chance  
of eating this is the life. I am be-  
ginning to think, sed Pa, that you & I  
and little Bobbie was born at the wrong  
time. How terrible is war!You are a dear husband, sed Ma, to  
Pa, but I never thought you were half  
the fire-eater you always said you  
were, & now I know it. sed Ma, I  
guess your mother didn't raise her  
boy to be a soldier, sed Ma.

the Sum of \$188,473.75;  
Nine Tracts Sold.

Clovis, N. M., June 8.—The state land department at a public land auction at the Curry county court-house sold 19,201 acres of state land for a total of \$188,473.75, or an average of \$9.80 an acre. The acreage was divided into nine tracts ranging in area from 640 to 7000 acres and prices paid ranged from \$5 to \$15 per acre. The latter price was paid by a Roswell man for 640 acres near Melrose.

The feature of the sale was the high prices commanded by the larger tracts. The largest tract sold, 7000 acres, brought \$18.05 per acre, the buyer being D. D. Shipley, of Floydada, Texas. J. D. Bailey, of Clovis, paid \$3 an acre for 3120 acres. Tip Isham, of Texico, paid \$10.75 for 1240 acres. Cash Ramey, of Clovis, bought 1240 acres on his high bid of \$12.50 an acre. More than 200 people attended the sale, many from other states.

IN MEMORIAM

(Notices under this heading accepted for  
publication at the reading notice rate.)

Resolution.

Whereas a wise Providence has re-  
moved from our midst our esteemed  
sisterMiss Agnes O'Rourke  
Died June 5th, 1917.Therefore be it—  
Resolved, that in the death of Miss  
O'Rourke the local is deeply grieved  
for the loss of a dear friend and col-  
laborer.So it resolved as a personal tribute  
to Miss O'Rourke, that we are losing  
a faithful member, a good musician  
and a noble woman. Her character  
was above reproach at all times, and  
her charming personality was a stim-  
ulus to all with whom she came in  
contact. It is with the deepest regret  
that she will no longer meet and greet  
us with her sunny smile and pleasing  
manners.Whereas the severance of a bond of  
true devotion existing between the  
deceased and her family has left to  
the bereaved ones manifold sorrow  
and whereas every friend and col-  
laborer realizes the burden that must  
be borne by them.Therefore be it Resolved, that we  
extend to them our sincerest sym-  
pathy and pray the Great Ruler of the  
Universe assuage the affliction and  
grant them the comfort of all true  
Christians.Be it further resolved, that a copy  
of these resolutions be placed upon the  
minutes of our local and that a copy  
be sent to the bereaved family and  
one to the International Musicians  
for publication.El Paso Musicians Protective Union,

Destined For Grazing  
in Western States.

The animal imports for the district of El Paso during the month of May were the lowest for any month thus far in the year and amounted to only 1466 animals. There were 9377 imported through the port of Nogales, Ariz. Notwithstanding the light imports at El Paso the import for the border country totaled 20,843 animals, of which 19,595 were cattle destined for grazing lands in the western states.

The following are the importations at Nogales and El Paso:

	Nogales El Paso Total
Cattle	2048 1257 10,579
Horses and mules	31 192 224
Total	3377 1466 10,802

The greatest number of cattle, 1764, were destined for Kansas pastures, and Wyoming received the next largest number, 1526. Other states which received shipments were: California, 1033 cattle; Texas, 152 horses and mules; New Mexico, nine horses and mules and 517 cattle; Arizona, 20 horses and mules and 45 cattle for slaughtering; Colorado, 88 cattle.

Imports of horses and mules were 224, of which 192 were imported from Sonora to Nogales, and 32 from Sonora to La Osa, Ariz. E. E. Booker imported 135 cattle from Sonora to La Osa. The Animadara imported 123 cattle from Sonora to Nogales. F. P. Serrano sold 1524 cattle from Sonora to La Osa, Ariz. E. E. Booker and 251 cattle to E. L. Perry at Douglas, Ariz.

GETS DETAILS OF MISSOURI  
PACIFIC'S REORGANIZATION

A complete reorganization of the Missouri Pacific Railroad company has been effected and the reorganization of B. F. Bush lifted on June 1 at which date the Missouri Pacific company took formal possession of the lines, including the Iron Mountain, in all the states except Illinois and the Booneville branch, which are still controlled by the receiver Bush and the Nebraska lines, which are controlled by the Missouri Pacific corporation of Nebraska, according to information received by H. G. Brower, passenger agent in El Paso. Mr. Bush was chosen president.

The Missouri Pacific opened an office in El Paso on May 1, on the 12th floor of the Mills building with Mr. Brower as district representative, L. D. Nicholson, formerly connected with the Texas and Pacific, was appointed city freight and passenger agent and F. B. Harwood, chief clerk.

In addition to other changes the newly organized company expects to change the names of all the subsidiary companies to bring all the branches under the one name.

TEMPE NORMAL HAS 84  
IN GRADUATING CLASS

Tempe, Ariz., June 5.—Commencement exercises of the normal school of Arizona were held today with governor Campbell as the principal speaker. There were 84 graduates, the largest number known in any year of the school's history. In all, including the first class, that of 1897, the school has turned out 762 young men and women, equipped with diplomas entitling them to teach in the schools of Arizona. The audience for the past year has been 640, served by educational and administrative staff of 43 members, headed by president Matthews, who has been in his present position for 17 years.
